DELAYED START

Please listen to the local radio stations for delayed openings or school cancellations. Parents and students are responsible for knowing about emergency closings and delays. Delays will be 2 hours.

EARLY DISMISSAL

There are several early dismissals scheduled throughout the school year. The school calendar notes the time of dismissal as noon.

If we are sending students home early due to weather, we will announce this on the radio. The weather related dismissals are decided on an area wide basis. The times will vary according to conditions. If the weather is very bad, please listen to the radio for information. WMPL, WOLV/WCCY, and WGGL are all notified.

OFFICE HOURS

During the school year the Principal's office and the Superintendent's office are open from 7:30-4:30. The office may be closed during lunch hours but at least one of the administrative offices is normally available to assist students, parents, and visitors. Summer hours are more variable

ACCIDENT POLICY AND PROCEDURE

Any accident occurring in school or at a school even should be reported to the Principal's office at the earliest possible time and an accident report completed.

Since the Chassell Township Schools cannot assume responsibility for medical expenses for injuries, the students and their parents may wish to purchase accident insurance.

ADVANCED PLACEMENT

Advanced Placement courses are available for qualified students. In order to receive college credit, the student must obtain a score of three, four, or five on a scale of one to five on a national test administered by The College Board in May. There is an \$87.00 charge for this test and partial scholarships for this amount are available from the State of Michigan. Colleges vary in the amount of credit given for the AP test. While not all students receive college credit for AP courses, successful completion of an AP course enables students to begin their college experience at a higher course level, and, subsequently reduce college expenses. Students interested in this option should contact the Principal/Superintendent.

AGE OF MAJORITY

When a student reaches eighteen years of age, they may assume responsibility for their own absence notes, information releases, and internet responsibilities etc. They need to sign a form in the office when they exercise this option. The parents will be notified if their student assumes these responsibilities.

ANNOUNCEMENTS

Announcements will be read on the public address system and posted throughout the building. Individuals wishing to submit announcements should do so in writing by 8:00am on the morning they wish to have the announcement appear. Announcements will be subject to approval by the Principal. Students and staff members are expected to check announcements at least once per day.

ASSEMBLIES

School assemblies will be conducted from time to time as part of the educational program. The following rules apply to all students attending these assemblies:

1. Students are to enter the gymnasium in an orderly manner and sit by grade level in the assigned area with their class advisors.
2. Conduct appropriate to the type of assembly will be expected.
3. Classes will be dismissed by the Principal or faculty moderator. Students should exit the gymnasium in an orderly manner.

4. Students who demonstrate inappropriate behavior at assemblies will face disciplinary consequences and may be denied future assembly privileges.
5. Attendance is required except for students wishing to be excused for religious reasons. Written parental permission is required for such an exception. A study hall will be provided.

ATTENDANCE POLICY

It has long been established that good attendance is strongly related to success in school. Michigan Law requires that children between the ages of six and sixteen attend school regularly. It is important to remember that during daily classroom instruction, multiple means of assessment are being used. This means that when a student misses classroom instruction, they have missed valuable classroom interaction, discussion, note-taking, lecture, group work, participation, speaking, asking questions, etc. We urge parents to support strong student attendance and to cooperate with the following policies, practices, and regulations.

- 1) Parents are requested to call the school attendance line by 9:00 a.m. on each day a student is to be absent from school. The attendance line can be accessed 24 hours a day.
- 2) If parents have not called by 9:00 a.m., school personnel will call to check on the child.
- 3) In the event phone contact was not made by home or school, parents are requested to send a signed, dated note to school on the day the child returns to school explaining the reason for the absence.
- 4) Unexcused absence
The following situations are considered unexcused absences:
 - a) An absence not approved by your parent or guardian with a phone call or note by the fifth day following the absence
 - b) Leaving the building without signing out in the office in the prescribed manner
 - c) Being in the building (or on school grounds) but not reporting to class
 - d) Missing more than 10 minutes of class without a valid pass
 - e) Submitting a note to excuse an absence which contains false information or misrepresentation
- 5) Prearranged absence
An excused absence may be prearranged according to the following protocols:
 - a) A written parental request must be presented indicating when the student will be absent and stating to parent/guardian's approval of the absence.
 - b) A prearranged absence form (available in the principal's office) must be completed and submitted to the principal's office prior to the absence.
 - c) Prearranged absences are excused absences and help the staff and student properly make up loss of class time.
- 6) Sanctioned absences
 - a) A sanctioned absence means you are in school but not in class because you are participating in a school activity. There is no penalty for sanctioned absences.
 - b) Students who have been absent should report to the principal's office before classes on the day they return to school. Students who do not submit an excuse when returning to school will be given a temporary absence. **Absences not excused prior to the first class within five days following an absence will be unexcused.** To avoid this, it would be best to communicate with office staff in advance of the sanctioned activity.
- 7) Making up work when absent
Regular attendance is essential for satisfactory achievement and progress in school. In many instances, your attendance record is as important to a prospective employer as your academic grades. following grading policy will be applied on a consistent basis:
 - a) **Excused Absences:** It is your responsibility to request make up work from the teacher and complete the work according to the handbook policy. One day of additional time will be allowed for each day absent. (Extensions may be granted by the teacher for unusual circumstances.)
 - b) **Unexcused Absences:** Any student with an unexcused absence will be required to take the exam. It is the responsibility of the parent to verify attendance records with the office.
 - c) **School-Sanctioned Absence:** This policy also applies to students who are absent for school-sanctioned events.
- 8) Make up time policy
Students are required to make up time for any absences beyond 10 days per semester. The policy details are as follows:
 - a) Make up time will be required for any absences beyond 10 days within a semester.
 - b) Students are required to make up ½ hour per 1 hour of class time missed.
 - c) The only exceptions to this policy will be a major medical situation with a doctor's note or an illness-related quarantine mandated by the school.
 - d) Make-up time sessions will be offered before and after school. The make-up time schedule will be posted in the offices.
 - e) For a make-up time session to count, a student must be present at the start of the designated session.
 - f) Make-up time sessions will be supervised by school staff.
 - g) Students must be working on school work during make up sessions in order for the time to count.
 - h) Not making up time will result in a 3% reduction in grade per day beyond the 10 allowed absences per semester. The grade reduction will be applied to the final semester grade.
- 9) Tardy policy
 - a) Every third tardy in a class will result in a detention before or after school.

ATTENDANCE AT SCHOOL SPONSORED EVENTS

Students are encouraged to attend athletic events, concerts, plays, and other types of school activities. Standards of conduct, rules, and regulations that apply during normal school hours will continue to apply for these activities. Failure to comply may result in disciplinary action and/or loss of permission to attend future activities. Students are reminded that, if they are absent during the school day because of illness, they should not attend evening activities.

BICYCLES

Bicycles must be left in the bicycle racks provided near the building. The school cannot assume responsibility for loss or damage to bicycles and recommends that students lock their bicycles to the bicycle rack when not in use. Students are not to ride bicycles during the school day and should exercise extreme caution when riding before and after the school day. The school reserves the right to deny students the privilege of riding bicycles to and from school. Bicycles should not be left at school overnight.

BUS RULES AND REGULATIONS

Students who consistently violate the rules below, may lose the privilege of riding the bus for a period to be determined by the Principal.

Students are:

1. To be in the place designated both morning and evening, ready to board the bus on schedule. The driver is responsible for maintaining the schedule and cannot wait for tardy pupils (also causes unnecessary delay of traffic).
2. To occupy the same seat or seat assigned by the driver and to refrain at all times from moving around while the bus is in motion.
3. To observe classroom conduct while getting on or off and while riding on the bus, except for ordinary conversation
4. To obey the driver and report promptly to school authorities when instructed to do so by the driver.
5. To warn the driver of approaching danger if there is a reason to believe the driver is not aware of the danger.
6. To stay off traveled part of the highway at all times when waiting for the bus.
7. To wait until the bus is stopped before attempting to get on or off.
8. To leave the bus only with the consent of the driver.
9. To enter and leave the bus only at the front door after the bus has stopped, except in emergency.
10. To keep hands and head inside the bus at all times.
11. To inform driver when absence is expected from school.
12. To report to driver any damage to bus.
13. To keep feet off the seats at all times.
14. To refrain from eating on the bus.
15. To not toss litter on or out of the bus. (Michigan Litter Law-\$500.00 fine)
16. To cross the traveled highway if necessary after leaving the bus in the following manner:
 - a. Make sure the bus is stationary.
 - b. Go to the front of the bus far enough that you can see the driver and wait for proper signal for crossing.**
 - c. Upon signal from driver or personal escort look to the right and left and walk across the highway in front of the bus.**
 - d. Walk, DO NOT RUN, in front of the bus when crossing the highway.
17. Remember that riding the bus is a privilege, not a right. This privilege can be canceled for misconduct.

RESPONSIBILITY OF PARENTS

- (1) To ascertain and insure that their children arrive at the bus stop on time in the morning.
- (2) To provide necessary protection for their children when going to and from bus stops.
- (3) To accept joint responsibility with school authorities for proper conduct of their children.
- (4) Make a reasonable effort to understand and cooperate with those responsible for pupil transportation.
- (5) If your child is to ride a bus on another route or if a child is to accompany him/her on his/her bus, written permission from the parents must be secured with the Principal or secretary.

CARE OF SCHOOL PROPERTY

Students are responsible for the proper care of all books, supplies, musical instruments, computers, and furniture supplied by the school. Students who damage school property will be required to bear the expense of any repair or replacement and may also be subject to additional disciplinary action such as detention or loss of privileges.

CAREER/TECHNICAL EDUCATION CENTER AT THE CCISD AUTO MECHANIC/NURSE AIDE/EARLY CHILDHOOD EDUCATION

Students wishing to elect Auto Mechanics, Nurse Aide, or other CCISD Vocational Programs should submit a letter of interest to the principal indicating their interest and stating reasons for their interest. Students accepted into these programs must be willing to make necessary schedule adjustments, cooperate with transportation arrangements, and be willing to bear expenses for independent study courses made necessary by scheduling conflicts. **In some cases the students may need to provide their own transportation. All drops of CTE classes must be completed before the end of the first week of class.**

CLOSED CAMPUS

Chassell High School operates a closed campus system. Students will be required to stay in the building or on approved areas of the school grounds for the entire school day unless permission to leave the building is given by an administrator. Upon receiving permission, a member of staff will escort the student to their vehicle. Students are not to be in parked cars or in the parking area during the school day unless authorized by staff. Students driving to school will be required to park vehicles in the student parking area for the entire school day unless granted permission to use the vehicle by an administrator. Normally, students will not be granted permission to leave the building without written or verbal permission from a parent.

COPY MACHINE

Office copy machines are for student use only when school material is being copied for a teacher, staff member, or for a school related function. Students should be under the direction of the office staff or faculty member. Personal copies can be purchased for \$.10 per copy.

DROP/ADD

Students pre-schedule for fall/winter semester classes in the spring of the previous year. Prior to school in the fall, student schedules are distributed. Student requests to make changes or additions to their schedule may be made before the class begins that semester.

Classes may be added or dropped only until the first Friday of each semester. To add or drop a class the student must meet with the Principal or guidance counselor to determine the feasibility of the desired change. After the second Friday, a student may make the following schedule change: move to a higher/lower level of the class within a subject area with the recommendation/consent of the teachers involved and the student's parent(s)/guardian(s).

For circumstances that fall outside of this policy, students may appeal administrations decision by writing a letter to the School Board

Education Committee. The Education Committee will schedule a meeting to determine students appeal. Until a decision is made the student will remain in scheduled class.

ONLINE COURSES

Enrollment in online classes such as Odyssey Ware and Michigan Virtual High School may be considered for credit recovery and scheduling conflicts.

Chassell Township Schools has given the student an opportunity to utilize online programs and tools to complete some of their required coursework. Odysseyware is the primary program that is used to complete this course work. Students who would like to take an Odysseyware course that is not for credit recovery or scheduling conflicts must submit a request form (Attachment A) to the Principal's Office. A committee of staff members, one from each core area and administration will review each request for approval.

Classes on Odysseyware are designed to be completed as either a semester or yearlong class. Students are expected to complete the class in the required amount of time or risk the chance of failing the class. Deficiency reports will be sent out if a student falls behind or is not receiving a passing grade.

Assignment Attempts:

The number of attempts students will be given is based on the effort the individual student has demonstrated on the assignment. Students who do not put in adequate effort will be limited to their additional attempts on assignments. Assignments passing grades are >70%.

Time Utilization:

This is an online course that depends on students having a degree of self-discipline, especially in completing their work in a timely manner. Students are not here to watch online videos or play games. If students are caught not using their time effectively, the following consequences will occur:

1st Offense: Verbal Warning

2nd Offense: Loss of computer time for the day

3rd Offense: Referral to the office

4th Offense: Removed from online class and assigned a class (Student can continue online course from home)

Academic Honesty:

All members of the academic community have a responsibility to ensure that scholastic honesty is maintained. Faculty have the responsibility of planning and supervising all academic work in order to encourage honest and individual effort, and of taking appropriate action if instances of academic dishonesty are discovered.

Honesty is primarily the responsibility of each student. Chassell Township Schools considers cheating to be a voluntary act for which there may be reason, but for which there is no acceptable excuse.

The term "Cheating" includes but is not limited to:

- Plagiarism
 - Receiving or knowingly supplying unauthorized information
 - Using unauthorized material or sources
 - Changing an answer after work has been graded and presenting it as improperly graded
 - Illegally accessing confidential information through a computer
 - Taking an examination for another student or having another person take an examination for you
 - Presenting another person's work as your own
 - Forging or altering registration or grade documents
 - Submitting collectively developed work as your own, unless specifically allowed by the professor
- First Offense in a course: A grade of "E" (without recovery) on the assignment/test. The student and parents/guardians will receive a notification of the offense and consequence, signed, dated, and filed by the office. The notification will advise the student of the consequences of the second offense.
-
- Second Offense in the same course: A grade of "E" (without recovery) on the assignment/test and an ISS. The student and parents/guardians will receive a notification of the offense and consequence, signed, dated, and filed by the office. The notification will advise the student of the consequences of the third offense.
- Third Offense for the remainder of the year: "E" for the course and ineligibility for academic honors upon graduation. The student and parents/guardians will receive notification of the offense and consequence. This notification will explain the action taken. The student shall be removed from the class where the third offense occurred and placed in another class, not on-line.

Types of cheating and plagiarism:

1. Cloning: An act of submitting another's work, word-for-word, as one's own.
2. Copy/Paste: A written piece that contains significant portions of text from a single source without alterations.
3. Find/Replace: The act of changing key words and phrases but retaining the essential content of the source in a paper.
4. Mix/Remix: An act of paraphrasing from other sources and making the content fit together seamlessly.
5. Recycle: The act of borrowing generously from one's own previous work without citation; to self-plagiarize.
6. Reuse: Taking a previously graded assignment and turning it in for a grade in the same or another class.
7. Hybrid: The act of combining perfectly cited sources with copied passages—without citation—in one paper.
8. Mashup: A paper that represents a mix of copied material from several different sources without proper citation.
9. File not Found Error: A written piece that includes citations to non-existent or inaccurate information about sources.
10. Aggregator: The "Aggregator" includes proper citation, but the paper contains almost no original work.
11. Re-Tweet: This paper includes proper citation, but relies too closely on the text's original wording and/or structure.

Many of these ideas, as well as more examples and in-depth discussion, can be found at:

<http://plagiarism.org/plagiarism101>.

Some Information was taken from pages 251-252 of the 2013-14 Mt. San Antonio College Catalog

DEFICIENCIES

Students below a "C-" in one or more subjects, either at the end of the fourth week of the marking period or at the end of the marking period, will be considered deficient. Following the fourth week of the marking period, a written report will be mailed to parents each time a student is deficient. The report card will inform parents and the end of each marking period.

Students with deficiencies will not be excused from classes except for reason of academic assistance or approved enrichment activities.

DETENTIONS

Detention may be assigned on Saturdays. The detention period will begin at 8:00am and 10:00 a.m. At the Principal's discretion, detention may also be assigned from 7:30 a.m. to 8:15 a.m. or 3:30 p.m. to 4:15 p.m. on weekdays. Students missing detention or those who are disruptive in detention will be suspended in or out of school for a term of one to three days. Students are expected to bring appropriate work to detention. Students may also be assigned additional tasks in detention. Students in detention must comply with the following:

- a. Sit and remain in assigned seats
- b. Refrain from personal grooming.
- c. Refrain from talking or other noises.
- d. No food or drinks.
- e. Have sufficient study materials to occupy the entire detention period and/or complete tasks assigned by the detention supervisor.

DIRECTORY INFORMATION

The law requires that schools give parents the opportunity to request that information, including name, phone number, address, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student not be disclosed. Our school has limited our directory information to name, address, phone number, date of birth and participation in officially recognized activities and sports.

We ask you to sign a media release which allows use of picture, name, grade and activities in the yearbook, school newsletters, honor roll and other school approved media releases including the school web pages.

We are required by law to release information to military recruiters. You MAY opt out of release to military recruiters by completing a form. In other words, you may allow release of the honor roll and other school uses and REFUSE the release to military recruiters. If you have questions, please check with the office.

DISCIPLINE SECTION

Personal self-discipline is an important element in the educational process. It is necessary that each of us assume responsibility for our own choices and conduct. The school teaches and encourages positive choice and behaviors, and, in doing so, helps each student to become a positive contributing member of the school and community.

In a democratic society, we enjoy freedoms, but we are free only to the extent that we do not interfere with the rights and freedoms of others. Our society is governed by certain laws that insure a harmonious society and protect the rights of each individual. The school seeks to copy this model by establishing rules and practices that will enable the school to better fulfill its educational mission and protect the rights of the school's citizens.

The school has certain expectations expressed as rules and regulations by which students must abide. Students who choose not to comply with the rules and regulations must also be prepared to accept the responsibility for the consequences. These rules, stated in broad and general terms are:

- A. Students will be respectful and considerate of others and of the property of others.
- B. Students will not be tardy. Students will be considered tardy when they are not in their assigned seat and ready for instruction at the ringing of the tardy bell.
- C. Students will be prepared for classes.
- D. Students will not disrupt the educational process.
- E. Students will comply with the Student Handbook and staff expectations.

DISCIPLINE-GROSS MISCONDUCT

Gross misconduct is a serious infraction that will include, but not to be limited to, insubordination, disrespect to staff, vulgar or crude behavior, use of tobacco products (vape pens, e-cigarettes, cigarettes, chewing tobacco) or illegal drugs/controlled substances, or endangering person or property. Gross misconduct will result in immediate suspension.

DISCIPLINARY PROCEDURES

Each teacher has their own classroom rules and procedures. Once the teachers has contacted the parent and exhausted all of their own disciplinary procedures, these steps will be followed:

- Level 1: Meeting with principal, teacher, parent and student to assist the student in developing a Student Responsibility Plan (SRP).
- Level 2: Students who do not follow the SRP will receive a before or after-school detention (7:30-8:15 or 3:30-4:15).
- Level 3: In or out of school suspension (1 day).
- Level 4: In or out of school suspension (3 days).
- Level 5: In or out of school suspension (5 days).
- Level 6: In or out of school suspension (10 days).

Students who fail to comply with a level will automatically move to the next level. Saturday school may also be assigned. Principal reserves the right to adjust the level of disciplinary action on an individual basis.

DISCIPLINE-VIDEO & COMMUNICATION DEVICES

The school prohibits the use of any video device from any restroom, locker room, or other location where students and staff "have a reasonable expectation of privacy." A student improperly using any device to take or transmit images will face disciplinary action up to and including one to five day suspension, loss of privileges, and may be recommended for expulsion.

Taking or transmitting images or messages during testing is also prohibited. If a student is caught transmitting images or messages during testing, s/he will fail the exam. They may also be suspended. S/He also faces

possible withdrawal from the class depending on the severity of the incident. Loss of privileges is an accompanying penalty and expulsion is a possibility, even on the first offense.

DISCIPLINE-PLAGIARISM

Plagiarism will be defined as the unauthorized use of the language and thoughts of another author and the representation of them as one's own. An unfortunately common example is copying a portion or a whole article from the internet and turning it in as one's own work.

The consequences for such infraction will be:

1. The student will receive a zero for that assignment.
2. If the assignment is a major part of the student's grade for that quarter, the teacher MAY elect to give the student an opportunity to complete the assignment honestly. In this case, the student's second grade will be averaged with the zero to compute the grade for that assignment.
3. The teacher will inform the office of the infraction and the office will keep a record of this behavior. If a second instance of this occurs in that class or in any other class in the course of the student's career at CTS, the student will fail the course in which the second infraction occurred with a 50% or less for the marking period. A third infraction will result in failing the course, in which the third infraction occurred, for the semester (no credit).
4. Teachers will reiterate the importance of honesty before all major writing or research assignments and at the beginning of each course.

DEFINITION OF TEMPORARY SEPARATION, SUSPENSION, AND EXPULSION

- A. Temporary separation is defined as the exclusion from one or more classes for a period of one to three days. Conditions of a temporary separation may require a student to be detained within the school or be required to stay at home for the period of the separation. Students excluded from classes under this provision will be unexcused. Temporary separation will be an option to suspension when infractions occur in one or two specific classes.
- B. Suspension is defined as exclusion from all classes and school property for a specified period of time not to exceed ten days. Students excluded from school under this provision will be unexcused.
- C. Expulsion is defined as a permanent exclusion of a student from school and is an action taken by the Board of Education based on a recommendation from the school administrator.

DISCIPLINE-SNAP SUSPENSIONS

A teacher may suspend a student from any **"class, subject, or activity"** for up to one day when a student's behavior is so unruly, disruptive, or abusive that it materially interferes with the teacher's ability to effectively teach the class, subject or activity, or the student's behavior interferes with the ability of other students to learn.

The teacher must **"immediately"** report the suspension to the Principal and send the student to the office for **"appropriate action"** by the Principal. The student **shall not** be returned to the teacher's classroom that day without mutual agreement of the teacher and Principal. **"As soon as possible"** after the suspension, the teacher **shall** ask the student's parent/guardian to attend a conference at which an administrator **shall** also be present if the teacher or parent/guardian so requests.

DISCIPLINE-PERMANENT EXPULSION

In compliance with the State and Federal Law, any student who possesses a dangerous weapon in a weapon-free school zone or commits arson, criminal sexual conduct in a district building or on district property, including school buses and other transportation, shall be permanently expelled from school.

Any student in grade 6 or above who physically assaults a school employee, volunteer, or contractor shall be permanently expelled, subject to reinstatement after 180 days. The statute defines **"physical assault"** as **"intentionally"** causing or attempting to cause physical harm to another through force or violence.

As with expulsions for weapons, criminal sexual conduct, and arson, the student is **permanently expelled** from **all** Michigan public schools other than "strict discipline academies" and appropriate alternative education programs.

DISCIPLINE-MANDATORY SUSPENSION/EXPULSION

If a student in grade 6 or above commits a **physical assault** against another student and the assault is reported to the board or administration, the student shall be suspended or expelled for **up to** 180 school days.

If a student in grade 6 or above commits a “**verbal assault**” against a school employee, volunteer, or contractor and the assault is reported to the board or administration, the student shall be suspended or expelled for up to 180 school days. Verbal assault is defined as any statement or act, oral or written, which can reasonably be expected to induce in another person(s) an apprehension of danger of bodily harm or injury.

PROCEDURES AND RIGHTS INVOLVED IN SEPARATION AND SUSPENSION

- 1) The Principal is given the authority by the Board of Education to temporarily separate or suspend students.
- 2) Parents will be notified, when possible, if a student is at risk of a separation or suspension.

The MSHAA defines taunting as any actions or comments by coaches, players, or spectators which are intended to bait, anger, embarrass, ridicule, or demean, whether or not the deeds or words are vulgar or racist. We expect good sportsmanship from our students at home, away, or at district games.

SCHOOL SONG

line, We're going to win this game another
time. For the high school that we love so

of constraints. The Chassell Township Schools provide access to these local, national, and international sources of information and collaboration, which are so vital to our students and staff members today. CHASSELL TOWNSHIP SCHOOLS ELECTRONIC RESOURCES POLICY

The Chassell Township School district has a variety of electronic resources and access to the Internet available for educational and informational purposes.

The Internet is a vast network of computer networks linking thousands of computers around the world used by educators, businesses, the government, the military, and other organizations, as well as individuals. In schools and libraries it can be used to educate and inform in the same way as learning resources such as books, magazines, videos, CD-ROM, and other informational sources. Students and staff can use the Internet to communicate with other schools, colleges, and organizations, and to participate in distance learning activities. They are able to consult with experts, locate material, research subjects, learn concepts, and meet their informational needs.

Because the Internet is a constantly changing environment, it is impossible to predict with certainty what information users might locate. It is essential for each user of the Internet to recognize his/her responsibility in having access to vast services, sites, systems, and people. The user is ultimately responsible for his/her actions in accessing the Internet.

FOREWORD

This student handbook was developed to answer many of the commonly asked questions that you and your parents may have had during the school year and to provide specific information about certain board policies and procedures. This handbook contains important information that you should know. Become familiar with the following information and keep the handbook available for frequent reference by you and your parents. If you have any questions that are not addressed in this handbook, you are encouraged to talk to your teachers or the building Principal.

This handbook summarized many of the official policies and administrative guidelines of the Board of Education and the District. To the extent that the handbook is ambiguous or conflicts with these policies and guidelines, the policies and guidelines shall control. This handbook is effective immediately and supersedes any prior handbook and other written material on the same subjects.

This handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the board's policies and the school's rules as of June 25, 2012. If any

of the policies or administrative guidelines referenced herein are revised after June 25, 2012, the language in the most current policy or administrative guideline prevails.

STUDENT WELL-BEING

Student safety is a responsibility of the staff. All staff members are familiar with emergency procedures such as fire and tornado drills and accident reporting procedures. Should a student be aware of any dangerous situation or accident, s/he must notify any staff person immediately.

State law requires that all students must have an emergency medical card completed, signed by a parent or guardian, and filed in the school office. A student may be excluded from school until this requirement has been fulfilled.

Students with specific health care needs should deliver written notice about such needs, along with proper documentation by a physician, to the school office.

ENROLLING IN SCHOOL

In general, state law requires students to enroll in the school district in which their parent or legal guardian resides unless enrolling under the district's school of choice option.

New students under the age of eighteen (18) must be enrolled by their parent or legal guardian. When enrolling, parents must provide copies of the following:

1. A birth certificate or similar document
2. Court papers allocating parent rights and responsibilities, or custody (if appropriate).
3. Proof of residency.
4. Proof of immunizations.

Under certain circumstances, temporary enrollment may be permitted. In such cases, parents will be notified about documentation required to establish permanent enrollment.

Students enrolling from another school must have an official transcript from their previous school in order to have credits transferred. The Principal's secretary will assist in obtaining the transcript, if not presented at the time of enrollment.

Homeless students who meet the federal definition of homeless may enroll and will be under the direction of the district liaison for homeless children with regard to enrollment procedures.

New students eighteen (18) years of age or older are not required to be accompanied by a parent when enrolling. When residing with a parent, these students are encouraged to include the parents in the enrollment process. When conducting themselves in school, adult students have the responsibilities of both student and parent. A student who has been suspended or expelled by another public school in Michigan may be temporarily denied admission to the district's schools during the period of suspension or expulsion, even if that student would otherwise be entitled to attend school in the district. Likewise, a student who has been expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal has not expired, may be temporarily denied admissions to the district's schools during the period of expulsion or removal or until the expiration of the period of expulsion or removal which the student would have received in the district had the student committed the offense while enrolled in the district. Prior to denying admission, however, the Superintendent shall offer the student an opportunity for a hearing to review the circumstances of the suspension or expulsion and any other factors the Superintendent determines to be relevant.

TRANSFER OUT OF DISTRICT

Parents must notify the Principal about plans to transfer their child to another school. If a student plans to transfer from Chassell, the parent must notify the Principal. Transfer will be authorized only after the student has completed the arrangements, returned all school materials, and paid any fees or fines that are due. School records may not be released if the transfer is not properly completed. Parents are encouraged to contact the Principal or Principal's secretary for specific details.

When transferring student records, school officials are required to transmit disciplinary records including suspension and expulsion actions against the student.

SCHEDULING

Schedules are provided to each student at the beginning of the school year or upon enrollment. Schedules are based on the student's needs and available class space. Any changes in a student's schedule should be handled through the Principal's office. Students may be denied course enrollment due to a lack of available space or the need to pass prerequisites. Students are expected to follow their schedules. Any variation should be approved with a pass or schedule change.

WITHDRAWAL FROM SCHOOL

No student under the age of (18) will be allowed to withdraw from school without the written consent of his/her parents.

IMMUNIZATIONS

Students must be current with all immunizations required by law or have an authorized waiver from the state immunization requirements. If a student does not have the necessary shots or waivers, the Principal may remove the student or require compliance with a set deadline. This is for the safety of all students and in accordance with state law. Any questions about immunization or waivers should be directed to the Principal's office.

EMERGENCY MEDICAL AUTHORIZATION

The board has established a policy that every student must have an emergency medical authorization form completed and signed by his/her parent in order to participate in any activity off school grounds. This includes field trips, spectator trips, athletic and other extracurricular activities and co-curricular activities.

The emergency medical authorization form is provided at the time of enrollment and at the beginning of each year. Failure to return the completed form to the school will jeopardize a student's education program.

CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES AND PESTS

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The school's professional staff has the authority to remove or isolate a student who has been ill or has been exposed to a communicable disease or highly transient pest, such as lice.

Specific diseases include: diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the local and state health departments.

Any removal will only be for the contagious period as specified in the school's administrative guidelines.

CONTROL OF NONCASUAL-CONTACT COMMUNICABLE DISEASES

In the case of non-casual contact communicable diseases, the school still has the obligation to protect the safety of the staff and students. In these cases, the person in question will have his/her status reviewed by a panel or resource people, including the county health department, to ensure that the rights of the person affected and those in contact with that person are respected. The school will seek to keep students and staff persons in school unless there is definitive evidence to warrant exclusion.

Non-casual contact communicable diseases include sexually transmitted diseases, AIDS (Acquired Immune Deficiency Syndrome), ARC-AIDS Related Complex (condition), HIV (Human-immunodeficiency), HAV, HBV, HCV, (Hepatitis A, B, and C), and other diseases that may be specified by the State Board of Health.

As required by Federal Law, parents will be requested to have their child's blood checked for HIV, HBV, and other blood-borne pathogens when the child has bled at school and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

PREPAREDNESS FOR TOXIC AND ASBESTOS HAZARDS

The school is concerned for the safety of students and attempts to comply with all federal and state laws and regulations to protect students from hazards that may result from industrial accidents beyond the control of school officials or from the presence of asbestos materials used in previous construction. A copy of the school district's *Preparedness for Toxic and Asbestos Hazard*

Policy and asbestos management plan will be made available for inspection at the board offices upon request.

STUDENT RECORDS

The school district maintains many student records including both directory information and confidential information. Directory information includes”

- Student’s Name
- Grade Level
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Degrees, honors, and awards received.

Directory information can be provided upon request to any individual, other than a for-profit organization, even without the written consent of a parent. Parents may refuse to allow the board to disclose any or all “directory information” upon written notification to the board. For further information about the items included within the category of directory information and instructions on how to prohibit its release, you may wish to consult the board’s annual *Family Education Rights and Privacy Act* (FERPA) notice, which can be found in this appendix.

Other than directory information, FERPA and Michigan Law provide access to all other student records. Except for limited circumstances as specifically defined in state and federal law, the school district is prohibited from releasing confidential education records to any outside individual or organization without the prior written consent of the parents (or the adult student) as well as those individuals who have matriculated and entered a postsecondary education institution at any age.

Confidential records include test scores, psychological reports, behavioral data, disciplinary records, and communications with family and outside service providers.

Students and parents have the right to review copies of all education records. Costs for copies of records may be charged to the parent. To review student records please provide a written notice identifying requested student records to the Principal’s secretary. You will be given an appointment with the appropriate person to answer any questions and to review the requested student records. Parents and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading, or violates the student’s privacy. A parent or adult student must request the amendment of a student record in writing and if the request is denied, the parent or adult student will be informed of their right to a hearing on the matter.

Individuals have a right to file a complaint with the United States Department of Education if they believe that the district has violated FERPA.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as part of the school program or the district’s curriculum, without prior written consent of the student (if an adult or an emancipated minor) or, if an un-emancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- g. religious practices, affiliations, or beliefs of the student or his/her parents
- h. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program)

Consistent with the PPRA and board policy, the Superintendent shall ensure that procedures are established whereby parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student.

The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the building Principal.

The Superintendent will provide notice directly to parents of students enrolled in the district of the substantive content of this policy at least annually at the beginning of the school year and within a reasonable period of time after any substantive changes in this policy. In addition, the Superintendent is directed to notify parents of students in the district, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

- a. Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, or otherwise providing that information to others for that purpose
- b. The administration of any survey by a third party that contains one or more of the items described in A through H above.

The Family Policy Compliance Office in the U.S. Department of Education administers both FERPA and PPRA. Parents and/or eligible students who believe their rights have been violated may file a complaint with:

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that Chassell Township Schools, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Chassell Township Schools may disclose appropriately designated "directory information" without written consent, unless you have advised the district to the contrary in accordance with the district's procedures. The primary purpose of directory information is to allow the Chassell Township Schools to include this type of information from your child's education records in certain school publications. Examples include:

1. The annual yearbook
2. Honor roll or other recognition lists
3. Graduation programs
4. Sports activity programs showing height and weight of team members

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local education agencies (LEA) receiving assistance under the *Elementary and Secondary Education Act of 1965* (ESEA) to provide military recruiters, upon request, with three directory information categories-names, addresses, and telephone listings- unless parents have advised the LEA that they do not want their student's information disclosed without their prior consent.

If you do not want Chassell Township Schools to disclose directory information from your child's education records without your prior written consent, you must notify the district in writing by September 11, 2020. Chassell Township Schools has designated the following as directory information:

- Address
- Telephone listing
- Photograph

This protection applies not just to the student, but also to all individuals who have access to the district's programs and facilities.

A student can access special education services through the proper evaluation procedures. Parent involvement in this procedure is important and required by Federal (IDEA) and state law. The following individual has been designated as the District's 504 Compliance Officer/ADA Coordinator to handle inquiries regarding these policies, procedures, and programs: Stephen S. Spahn - Superintendent, (906) 483-2132, Chassell Township Schools, 41585 U.S. Hwy 41, P.O. Box 140, Chassell, MI 49916.

ARMED FORCES RECRUITING

The school must provide to official armed forces recruiters at least the same access to the high school campus and to every student directory information of the high school students as is provided to other entities offering educational or employment opportunities. "Armed Forces" means the armed forces of the United States and their reserve components and the United States Coast Guard.

If a student or parent or legal guardian of a student submits a written request to the board that indicates that the student or the parent or the legal guardian does not want the student's directory information to be accessible to official recruiting representatives then the school officials of the school shall not allow that access to the student's directory information. The board shall ensure that students are parents and guardians are notified of the provisions of the opportunity to deny any or all "directory information" including in the armed forces of the United States and the service academies of the armed forces of the United States.

FIELD TRIPS

The school complies with all fire safety laws and will conduct fire drills in accordance with state law. Specific instructions on how to proceed will be provided to students by their teachers who will be responsible for safe, prompt, and orderly evacuation of the building.

Tornado drills will be conducted during the tornado season using the procedures provided by the state. The alarm system for tornadoes is different from the alarm system for fires and consists of a loud air horn.

REVIEW OF INSTRUCTIONAL MATERIALS AND ACTIVITIES

Parents have the right to review any instructional materials being used in the school. They also may observe instruction in any class, particularly those dealing with instruction in health and sex education. Any parent who wishes to review materials or observe instruction must contact the Principal prior to coming to the school. Parents' rights to review teaching materials and instructional activities are subject to reasonable restrictions and limitations.

SCHOOL SPONSORED CLUBS AND ACTIVITIES

The Chassell Township Schools provides students the opportunity to broaden their learning through curricular-related activities. A curricular-related activity may be for credit, required for a particular course, and/or contain subject matter. Pep Band, High School Bowl, and Science Olympiad are examples.

NON-SCHOOL SPONSORED CLUBS AND ACTIVITIES

Non-school sponsored student groups organized for religious, political, or philosophical reasons may meet during non-instructional hours. The application for permission can be obtained from the Principal. The applicant must verify that the activity is being initiated by students, that the attendance is voluntary, that school staff are not actively involved in the event, that the event will not interfere with school activities, and that school persons do not play a regular role in the event. All school rules will still apply regarding behavior and equal opportunity to participate.

STUDENT ASSESSMENT

To measure student progress, students will be tested in accordance with state standards and district policy. Chassell Township Schools follows the MEAP testing window, which is set by the state.

Additional group tests are given to students to monitor progress and determine instructional needs. These tests are used to help the staff determine instructional needs.

Classroom tests will be used to assess student progress and assign grades. These are selected or prepared by teachers to assess how well the students have achieved specific objectives. Any high school student who wishes to test out of a course in which s/he is not enrolled may do so by taking the final examination for the course and receiving a grade of at least C+ or by demonstrating mastery of the subject matter as determined by the assessment used in lieu of a final examination. Credit for a course earned by a student through this process may be used to fulfill a course or course-sequence requirement but may not be counted towards the required number of credits needed for graduation or be used to determine the student's GPA.

Vocational and interest surveys may be given to identify particular areas of student interest or talent. The guidance staff often gives these.

Students will not be required, as part of the school program or district curriculum, to submit to or participate in any survey, analysis, or evaluation that reveals information of a personal nature in accordance with board policy and federal guidelines.

Depending on the type of testing and specific information requested, parent (or adult student) consent may need to be obtained. Chassell Township Schools will not violate the rights of consent and privacy of a student participating in any form of evaluation. College entrance testing information can be obtained from the Guidance Office.

HOMEWORK

The assignment of homework can be expected. Student grades will reflect the completion of all work, including outside assignments. Homework is also part of the student's preparation for the MEAP test and graduation.

STUDENT EMPLOYMENT

Work permits are available in the Superintendent's office.

STUDENT FINES AND CHARGES

Students using school property and equipment can be fined for excessive wear and tear and abuse of the property and equipment. The fine will be used to pay for the damage, not to make a profit.

Late fines can be avoided when students return borrowed materials promptly. Others may need their use.

Failure to pay fines, fees, or charges may result in the withholding of grades and credits.

STUDENT SALES

Students are not permitted to sell any item or service in school without the approval of the Principal. Violation of this may lead to disciplinary action.

USE OF SCHOOL EQUIPMENT AND FACILITIES

Students must receive the permission of the teacher before using any equipment or materials in the classroom and the permission of the Principal to use any other school equipment or facility. Students will be held responsible for the proper use and protection of any equipment or facility they are permitted to use.

VISITORS

Visitors, particularly parents, are welcomed at school. If a person wishes to confer with a member of the staff, s/he should call or an appointment prior to coming to the school, in order to schedule a mutually convenient time. Students may not bring visitors to school without prior written permission.
